Convenient hours
Treatment by the same therapist
Most insurance accepted

Dear Patients,

We make every effort to provide you with an appointment that accommodates your schedule. Once the appointment is made, this time is reserved especially for you. If an appointment is cancelled without advance notice it means that not only do you not get the treatments you need, but it also prevents another patient the opportunity to schedule that appointment time.

We may charge \$25.00 *per occurrence* for **No Show** or **cancelled** appointments without 24 hours advance notice.

Outstanding fees should be paid **before or at** your next scheduled appointment. Your Insurance carrier is not responsible for these charges.

We appreciate your understanding and cooperation.

Sincerely,
South Boise Physical Therapy

I have read and understand the above information.
